

## Cobb Never Wastes Twitter Contest

Cobb County Water System wants to know how you save water. Every week in January 2014 Cobb Water will be giving away a high quality, BPA free, stainless steel water bottle featured in the Alliance for Water Efficiency's Never Waste Campaign. Each week the most creative water conservation tip will be selected to receive a bottle.

### Participation is Easy:

To win you must be a Cobb County Water System customer.

Follow Cobb Water on Twitter @Cobbh2o and on Facebook to get contest updates and see some of the best tips received.

To enter, tweet your tip using **#cobbneverwastes**. You can enter each week, but only one water bottle per person will be awarded.

Check in on Twitter for winners every Monday. If your tip is selected as the weekly winner e-mail [waterefficiency@cobbwater.org](mailto:waterefficiency@cobbwater.org) to claim your bottle.
